Pearls of Pain Management in Classical Chinese Medicine

Jeffrey Yuen

Master Jeffrey Yuen is an 88th generation Daoist Priest of the Yu Qing Huang Lao Pai (Jade Purity Yellow Emperor Lao Zi School) and 26th generation of the Quan Zhen Long Men Pai (Complete Reality Dragon Gate School).

Master Yuen trained under his adopted grandfather, the late Daoist Master Yu Wen (1872-1981) of the Yu Qing Huang Lao Pai, a sect from the Shang Qing tradition of Daoism that developed during the later Han Dynasty (3rd Cent. CE). Master Yu Wen trained in Mt. Hua and learned all the facets of Daoism, including the classics; rites and liturgies; healing arts; and divination. He later traveled extensively throughout China and served as the lineage holder of the Daoist martial arts system known as Wu Xing Quan/Five Element Fist - an internal and monastic style of Hua Shan. Having a strong resonance with Daoist teachings ever since childhood, Jeffrey Yuen studied extensively under Master Yu Wen and was allowed to openly practice and serve the community when he was 16 years old.

Master Yuen has speaking engagements around the world. He is most recognized internationally as a master scholar, teacher and practitioner of Classical Chinese Medicine. His expertises include Acupuncture, Herbal Medicine, Nutrition/Dietetics, the therapeutic use of Stones and Essential Oils, Tai Qi, Qi Gong and Daoism. His teachings rooted in the spiritual tradition of Daoist mysticism bring a clarity, wisdom and depth to Chinese Medicine rarely found today.

November 11 and 12, 2017

Boston Children's Hospital at Waltham

9 Hope Ave, Waltham, Massachusetts
